Tutors Assignment Correction Guide

Module 11 Practical Teaching

Unit 11.1 Observation Lessons

This guide is to assist you in the correction of the assignments for this unit.

If more than one Tutor is involved with Student Support in your institution, it will also assist in ensuring that there is a consistency in the weighting of assignments, and questions within the assignments.

The Core Curriculum is designed to utilising competency standards, so the elements that need to be included in answers are specified in the guide. It will therefore assist those who wish to use a competency assessment of Completed or Incomplete.

It is particularly important in the Caribbean to ensure that the assignments are assessed as indicated in the Guide, as Regional recognition is an ultimate (and desired) outcome.
