#### OPERATION INSTRUCTIONS

This CD-ROM utilises Adobe Acrobat 4.0 Technology for the distribution of files on a cross-platform basis. You may need to first load the program in order to view the documents.

##### PC USERS

1. Go to "START"
  2. Select "RUN" then "BROWSE" to locate your CD-ROM drive.
  3. Open the "WINDOWS" folder on the CD and select "ar40eng.exe" and click "OPEN".
- Click on "OK" in the "RUN" window to initiate the installation.

When this is complete

1. Go to "START"
2. Select "RUN" then "BROWSE" to locate your CD-ROM drive.
3. Click the "FILES OF TYPE" drop down menu button and select "ALL FILES".
4. Click on the "COL.pps" then "OPEN" and select "OK" in the "RUN" window to execute the program.

##### MAC USERS

Install the "ar40eng.hqx" located in the MacOS folder on this CD-ROM to load the Adobe Acrobat 4.0 program onto your computer. You will then have to browse the CD-ROM to locate the files.

##### OTHER USERS

If you are using another operating system other than those mentioned above, refer to the Adobe Systems website at [www.adobe.com](http://www.adobe.com) to get information about how to download a free copy of Adobe Acrobat Reader. Like the Macintosh users you will have to browse the CD-ROM to locate the files
